Operational

Sungarian Selugee Exploitation, mutria

METRICIA- "MASA-024 (not sent to Pullach)

I. The following information has been extracted from a lengthy analysis (MSSA-024) of the refugee situation in lostria and of the operational acreening, interrogation, or other exploitation of the Sungarian and Creck refugees which is conducted by various interested groups:

"The principal Augustan recruiting team of SIFFER is compared of Group William and Sander Vishter, who work for the Herbert White (MALLETA) weeks them. Eranch. This recruiting unit operator in Salaburg and has placed letyon SEGNETS and Persons PARTAS in the PIS Screening Center at the Social Interes. The two men live in the building and fundtion unofficially as junifore or hallding superintendents. They are there by girtue of an old working agreesent with the Public Safety office in saleburg and are tolerated by CIC and These new point out refugioe with information or operational potential to find who debriers then and in some cases when removultaints. Examples of regret teent are Josef SMATH, involved in the evacuation of the C family (for (1922). Finos Tellas, Forest Foltak and Josef Westellius. The mala feature of these regretiments is that the individuals are black corner and professional amazier types. They are recruited as couriers rather thes. agents and when sent into hungary, do not contact fittelligence sources. They astely provide operational information on travel, documentation and local conditions, which is need by Illusti and VISSIST to give color and authentially to reports resulting from the debrishing of refugees. The pursons debristod are but so temperarily in butche for a short time and given a bonus in coney. Although vory few of the reference approached by the ZIP at took (or by other groups) are used operationally, the initial support given by the Miller (or other) group tends to create a loyalty situation which unless these refrance inclinates for regratement by our organization. The cobrideing and propertional done by KOLLEGITI is of direct basefit to the hedron EAKA operation, since LAND gots the take via Colonel Gyergy KOLLANI, Mikles MAPORAY and Lajon HATAS."

- b. Caritas, Selfare Organization of the atholic Courch operates a debriefing center for Hungarian refugees under the landinta supposerable of the Bungarian Catholic Action. The debriefing is done by Cr. Blok HORNATA, raplayer of Caritae in Selsburg. IDEVATA definitely has 100135 connections and is probably tied in with the LARD group.
- commanies and the French Foreign segion, by Saritae, and by the TAKO group)
 result primarily is a duplication of interrogation information. Information
 from the refugee is likely to show up in the following places: MIS basic
 interrogation chaots: CIC regorts (frequently both in Tienna and in Salaburg):
 The result the Itelian II and II
 The result is a point of the Salaburg case reports from NOLLEGI
 result the Itelian II and II
 The Salaburg (some Salaburg reports also
 result MATRY via DEMSI and Catholic Church information circles via Thomas
 HUNELLA): ZARO (his reports not only are paddled to many independent ematomers,
 but find their way back into CIC channels). The result is multiple false
 confirmation and the totally unnecessary expenditure of covernment noney.
 The information has reflected chiefly the Mongarlan plature. However, the
 situation with Creak, Wiewak, Augustan and Yugoslav refuges is also at identi-
 - 2. MANA-024 contring no indication of how the inforestion on the operational proportures, report padding and other activity of VISHINI and EDMANTI was obsained or any further information on the manner in which agent couriers are dispatched by them into Eungary.
